**SUBJECT: APPROVAL OF PERMIT RENEWAL APPLICATION FOR
TECHNICAL ADEQUACY
EPA ID NO. NM6572124422
TASK #: HWB-HAFB-99-007**

Dear Mr. Moffitt:

The Hazardous Waste Bureau (HWB) of the New Mexico Environment Department (NMED) has reviewed for technical completeness Holloman Air Force Base's (HAFB) permit renewal application dated July 1997 and the response to the notice of deficiency (NOD) that HWB issued on January 19, 2000, as required under the New Mexico Hazardous Waste Management Regulations 20.4.1 NMAC.

After reviewing the permit renewal application and HAFB's response to the NOD, HWB has determined the subject application to be technically complete and adequate. The draft Permit will be prepared beginning October 10, 2000.

However, should any further questions arise, HWB may request additional information, when necessary to clarify, modify, or supplement previously submitted material.

Mr. Howard Moffitt
