MEMORANDUM FOR NEW MEXICO ENVIRONMENT DEPARTMENT

SUBJECT: 30-Day Extension Request for SWMU 123 Notice of Deficiency (NOD) Response

1. Holloman AFB requests a 30-day extension to fully respond to subject NOD. Mr. Jose Gallegos of our Environmental Flight is working with Mr. Cornelius Amindyas of your staff to resolve the issues addressed in your letter dated 17 Aug 01. The extension would move the due date to 17 Nov 01.
2. The extension is needed to fully address your comments. We feel that much of the information requested is contained in reports previously submitted to the Hazardous Waste Bureau. One such report is the *Final Phase I RCRA Facility Investigation Report, Table 2 Solid Waste Management Units*, dated Sep 97. Other reports may also contain answers to your comments and will need to be reviewed for verification. However, gathering this information will take time and must be balanced with other items on our staff's workload.
3. We are committed to addressing all environmental issues in a complete and timely manner. I hope you will consider and approve this petition for a deadline extension so this matter can be addressed fully and accurately.
4. If you have any questions or require additional information, please contact Mr. Gallegos at (505) 572-5395.
