**MEMORANDUM FOR NEW MEXICO ENVIRONMENT DEPARTMENT**

Hazardous Waste Bureau

**FROM:** 49 CES/CD

Holloman AFB NM 88330-8458

**SUBJECT:** Notification of New Area of Concern, AOC-2, Airfield Sewage Disposal Site

1. This letter is to notify the Hazardous Waste Bureau of a newly identified Area of Concern (AOC) approximately 500 feet northeast of Building 864 here on Holloman AFB (HAFB). We have designated this site AOC-2, Airfield Sewage Disposal Site. A site map and photos are attached (Atchs 1 and 2, respectively).
2. Site visits (15 and 19 Nov) and subsequent records research indicate that the site was not previously identified under HAFB's Environmental Restoration Program (ERP) or RCRA corrective action program (RCAP). Existing sites nearest AOC-2 include SS-26 (AOC-D) and SD-27 (SWMUs 100/141) which are located approximately 1,000 feet southwest and southeast, respectively.
3. We plan to seek FY03 funds to conduct a Preliminary Assessment/Site Investigation (PA/SI) using Environmental Restoration Account funding. Since HAFB must assure compliance with both the ERP and RCAP, activities necessary for these programs will be coordinated to eliminate duplicate efforts. Therefore, the PA/SI will also fulfill RCAP requirements.
4. If you have any questions, please contact Mr. Jose Gallegos or Mr. Court Fesmire at (505) 572-5395.

  
HOWARD E. MOFFITT  
Deputy Base Civil Engineer
