MEMORANDUM FOR NEW MEXICO ENVIRONMENT DEPARTMENT

Hazardous Waste Bureau  
Attn: Mr. Cornelius Amindyas

Albuquerque, NM 87109

FROM: 49 CES/CEV  
550 Tabosa Ave  
Holloman AFB, NM 88330-8458

SUBJECT: Removal of Holloman AFB's Request for RCRA Part B Modification for  
New Conforming Storage Facility--EPA Identification No. NM6572124422

1. This letter is a follow-up to our phone conversation before Christmas concerning your review of subject modification. As we discussed, the Defense Reutilization and Marketing Service has put construction of Holloman AFB's new Conforming Storage Facility, along with those of 3 other facilities, on hold indefinitely. Because of this unexpected delay, Holloman AFB requests that you also postpone any review of the subject modification submitted to you 25 May 01, with the strikeout/highlight version submitted 15 Nov 01.
2. We will contact you at a later date should the review become necessary. Thank you for your assistance.
