**SUBJECT: EXTENSION OF DEADLINE FOR REMEDIATION OF SWMU 141, AND
TPH CONTAMINATED SOIL AT THE WEST POL YARD
EPA ID NO. NM6572124422
TASK # HAFB-02-002**

Dear Mr. Moffitt:

The New Mexico Environment Department (NMED) received Holloman Air Force Base's (HAFB's) November 6, 2002 request for extension for response to the request for supplemental information (RSI) on the investigation of SWMU 141, and HAFB's January 3, 2003 extension request for removal of 800 cubic yards of petroleum contaminated soil from West Petroleum Oil Lubricant (POL) Yard. The extensions were requested due to HAFB's change in contractors that has resulted in funding delays associated with the investigation and cleanup of the subject two sites.

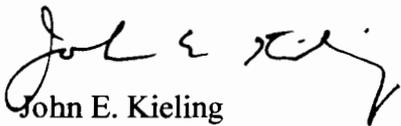

NMED hereby grants the sixty (60)-calendar day extension for submittal of the SWMU 141 investigation Work Plan. The new deadline for submittal of this work plan is April 27, 2003.

In addition, NMED grants a thirty (30) calendar day extension for removal of the 800 cubic yards of POL contaminated soil from the West POL Yard site. The deadline for submittal of documentation regarding the removal of the soil is April 3, 2003.
