**RE: WEST POL YARD SOIL REMOVAL DOCUMENTATION
HOLLOMAN AIR FORCE BASE, EPA ID # NM6572124422-2
HWB-HAFB 01-006**

Dear Mr. Moffitt:

The Hazardous Waste Bureau (HWB) of the New Mexico Environment Department (NMED) has reviewed the documentation regarding the removal of petroleum contaminated soil from the West POL Yard that was received by the HWB on April 02, 2003. Holloman Air Force Base (HAFB) was required to remove, and transport off-site, the excavated petroleum contaminated soil from the West POL Yard no later than April 03, 2003 as referenced in the February 25, 2003 letter to HAFB. The submitted documentation supports HAFB's claim that the petroleum contaminated soil was removed from the West POL Yard. NMED hereby grants approval of the above referenced documentation.
