Dear Mr. Moffitt:

The Hazardous Waste Bureau (HWB) of the New Mexico Environment Department (NMED) has reviewed the above documentation regarding the cleanup of the German Air Force tornado crash sites that was received by the HWB on March 29, 2000, and December 08, 2000, respectively. NMED hereby grants approval of the above referenced documents.

The New Mexico Hazardous Waste Management Fee Regulations 20.4.2 NMAC require assessment of fees when review of a corrective action document is requested. HWB will issue an invoice to you under a separate letter. Payment is due within sixty (60) days from the date that you receive the invoice under the provisions of 20.4.2.300.A.1 NMAC.

Should you need to request an extension of the sixty-day period, the request must be received by the New Mexico Environment Department within thirty (30) days of the date of the invoice as required by 20.4.2.300.B.1 NMAC. Should you disagree with the fee assessed you may file an Administrative Appeal under the provisions of 20.4.2.300.B NMAC.
