HOLLOMAN AIR FORCE BASE, NEW MEXICO

21 APR 2004

MEMORANDUM FOR NEW MEXICO ENVIRONMENT DEPARTMENT

Attn: Mrs. Sandra Martin
Hazardous Waste Bureau
2905 Rodeo Park Dr., East
Santa Fe, NM 87505-6303

FROM: 49 CES/CD
550 Tabosa Ave
Holloman AFB, NM 88330-8458

SUBJECT: Notification of Surface and Subsurface Debris at Solid Waste Management Unit (SWMU) 102-Acid Trailer Burial Site

1. This notification is to inform NMED of two cylindrical shaped tanks, one rocket motor tank, miscellaneous metal debris, and glass bottles found in the vicinity of the subject site. This discovery was made during regular erosion control activities. As a result of these findings, work in the area was stopped. This site was investigated and remediated in the early 1990s and was approved for no further action by NMED in 2000. A six-foot chain link fence currently surrounds the site. There are also a series of straw waddles that run perpendicular across the drainage through the site. A site location map is included as an attachment.
2. If you have any questions, please contact Mr. Dan Holmquist at (505) 572-5395.

A. DAVID BUDAK
Deputy Base Civil Engineer
