DEPARTMENT OF THE AIR FORCE
HEADQUARTERS 49TH FIGHTER WING (ACC)
HOLLOMAN AIR FORCE BASE, NEW MEXICO

MAR 03 2008

MEMORANDUM FOR NM ENVIRONMENT DEPARTMENT
Hazardous Waste Bureau
Attn: John E. Kieling
2905 Rodeo Park Drive East Bldg. 1
Santa Fe, NM 87505-6303

FEB 29 2008

FROM: 49 CES/CEV
550 Tabosa Ave
Holloman AFB, NM 88330-8458

SUBJECT: Deviation from 20,000 Pound Open Detonation Permit—NM6572124422-OD

1. Holloman AFB requests permission to deviate from permitted operating procedures in Attachment I of subject permit related to thermal treatment on the ground surface. We request permission to dig a pit approximately four cubic feet in volume and bury the explosives and munitions before treatment. This will limit the amount of fragmentation hazard that may be projected during the events, thus ensuring the safety of personnel, and the protection of the environment and Government property.

2. The planned events are as follows:

- 4 March 2008 - 300 Lbs Net Explosive Weight (NEW) approximately
- 6 March 2008 - 8,000 Lbs NEW approximately (scheduled time: 1000 – 1200 hours)
- 6 March 2006 - 8,000 Lbs NEW approximately (scheduled time: 1400 – 1600 hours)

3. Please contact Mr. Ramón Acevedo-Cruz at (575) 572-5177 for additional information.

DEBORAH J. HARTELL
Chief, Environmental Flight
