REQUEST AND FACT SHEET/STATEMENT OF BASIS FOR APPROVAL OF
NO FURTHER ACTION FOR SEVEN SOLID WASTE MANAGEMENT UNITS
AND AREAS OF CONCERN, JUNE 2008
HOLLOMAN AIR FORCE BASE, EPA ID# NM6572124422
HWB-HAFB-08-005**

Dear Mr. Budak:

The New Mexico Environment Department (NMED) has reviewed Holloman Air Force Base's (the Permittee's) November 28, 2011 response to NMED's October 14, 2011 Notice of Disapproval (NOD) for the Class 3 Permit Modification Request for Seven Solid Waste Management Units that was submitted on June 23, 2008. NMED has determined that the response does not adequately address the issues raised in the NOD. The following are the remaining deficiencies the Permittee is required to address before the permit modification can be proposed for public comment by NMED:

1. Revised Formal Permit Modification Request

The Permittee shall submit a signed paper and electronic copy of the Revised Formal Permit Modification Request letter that was dated November 17, 2011. A red-line/strikethrough version of this revised letter was submitted electronically in "pdf" format. NMED requires that an electronic copy be submitted in MS Word format and

a signed, clean copy be submitted in paper form and electronically. In addition, the addressee shall be changed to read John E. Kieling, Acting Chief.

2. **Tables A and B of Appendix 4-A of Permit Part 4**

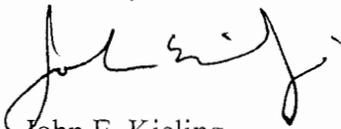

The Permittee shall re-submit revised Tables A and B of Appendix 4-A of Permit Part 4 showing redline-strikeout and clean versions of the proposed changes to the Tables in MS Word. The proposed changes were only submitted in "pdf" format.

3. **Appendix B**

The Permittee shall submit a revised electronic version Fact Sheet/Statement of Basis deleting Attachment B (OT-16 LTM Work Plan) from Appendix B.

The Permittee must submit the revised FS/SOB that corrects the deficiencies noted above by **January 30, 2012**. If you have any questions regarding this letter, please contact David Strasser of my staff at (505) 222-9526.

Sincerely,

John E. Kieling

AOC-PRI-5 had been considered as one site until it was realized that these sites are shown on Table A as two separate AOCs. The Permittee is not required to make any changes to this document in this regard. NMED will correct this and indicate such in the public notice documents.

The Permittee shall re-submit revised Tables A and B of Appendix 4-A of Permit Part 4 showing redline-strikeout and clean versions of the proposed changes to the Tables in MS Word in paper and electronic formats. The Permittee must submit the revised Tables by **February 12, 2012**. If you have any questions regarding this letter, please contact David Strasser of my staff at (505) 222-9526.

Sincerely,

John E. Kieling
