New Mexico Environment Department
Attn: Mr. John Kieling, Chief
Hazardous Waste Bureau
2905 Rodeo Park Drive East, Building 1
Santa Fe NM 87505-6303

Dear Mr. Kieling

In reference to Hazardous Waste Permit #6572124422, Holloman AFB requests a 1-year extension to submit the renewal application documents for a new permit. In accordance with Section I.E.3 of the permit, our renewal application documents were originally due to NMED by 24 Aug 13.

Holloman AFB requires more time to prepare the renewal application documents for several reasons. Due to recent restructuring of the Air Force Environmental community, which has led to an Air Force wide change in environmental permit application processing personnel, a change in the corresponding budgetary allocation process, and ongoing federal funding obligation/reallocation issues, our efforts to complete the renewal application have been delayed. At this time, we are requesting a one (1) year extension to complete and submit the permit application renewal. If granted, the permit renewal submission deadline will be 24 Aug 14. In the meantime, we will continue to conduct operations in accordance with the existing permit requirements.

If you have any questions, please contact DeAnna Rothhaupt, Chief of Environmental Compliance and Restoration, at 575-572-3931 or by e-mail at deanna.rothhaupt@holloman.af.mil.

Sincerely

ADAM M. KUSMAK, GS-13, DAFC
