CERTIFIED MAIL - RETURN RECEIPT REQUESTED

June 4, 2014

Mr. Adam Kusmak
Chief, Installation Management
550 Tabosa Avenue
Holloman AFB, NM 88330-8458

**RE: EXTENSION REQUEST
SWMU ASSESSMENT REPORTS, FIVE SUSPECTED AREAS OF CONCERN
HOLLOMAN AIR FORCE BASE
EPA ID # NM6572124422
HWB-HAFB-13-021 THROUGH 13-025**

Dear Mr. Kusmak:

The New Mexico Environment Department (NMED) has considered Holloman Air Force Base's (the Permittee's) May 14, 2014 request for a one-year extension of the due date to respond to the NMED's letter of February 20, 2014, which specified submittal requirements for five new suspected areas of concern. The aforementioned letter required that the Permittee submit work plans for RCRA Facility Investigations (RFIs) at the Building 301 Concrete UST and the Remotely Piloted Aircraft FSST Wash Rack sites. It also required the submittal of SWMU Assessment Reports (SARs) at the Former Skeet Range (TS851), the Former Skeet Range 2 (TS859), and the Jeep Target Area Skeet Range (TS862). These documents were to have been submitted by May 16, 2014.

The NMED has determined that a one-year extension is appropriate for the submittal of the two RFI Work Plans; therefore, the revised due date for these work plans is **May 15, 2015**. NMED has further determined that the Permittee should have ample time to complete the three SARs within 60 days of the original May 16, 2014 due date. Therefore, the revised due date for the three SARs is **July 18, 2014**.

Mr. Kusmak
