Dear Ms. Rothhaupt:

The New Mexico Environment Department (NMED) has received Holloman Air Force Base's (Permittee) June 12, 2014, time extension request concerning submittal of a Corrective Action Permit Application under the Resource Conservation and Recovery Act. The request was received by the NMED on June 16, 2014.

The request indicates that more time is necessary to compile additional information to include in the permit application as identified in a meeting with NMED Hazardous Waste Bureau staff, on June 25, 2014. NMED hereby approves the time extension for the submittal of the Corrective Action Permit Application. The due date for submittal of the permit application has been changed to **February 24, 2015**.
