New Mexico Environment Department  
Attn: Mr. John Kieling  
Hazardous Waste Bureau  
2905 Rodeo Park Drive East, Building 1  
Santa Fe, NM 87505

Dear Mr. Kieling

In accordance with Attachment K of Hazardous Waste Permit #NM6572124422, we hereby submit the Final Closure Report for our Container Storage Unit. Also attached is the Certification of Closure document, and a CD of the closure report.

If you have any questions, please contact me at (575) 572-3931 or by e-mail at [deanna.rothhaupt@us.af.mil](mailto:deanna.rothhaupt@us.af.mil).

Sincerely

DEANNA ROTHHAUPT, GS-12, DAFC

3 Attachments:

1. Holloman CSU Final Closure Report
2. CD
3. Certification of Closure Document

**MEMORANDUM FOR RECORD**

**PROJECT NAME:** RCRA Facility Closure, Hazardous Waste Container Storage Unit (CSU) Facility, Holloman Air Force Base (AFB), New Mexico  
(Hazardous Waste Facility Permit No. NM6572124422)

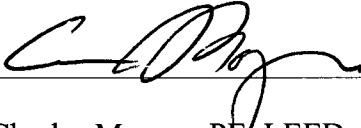

**TO:** Mr. John Kieling, Chief  
New Mexico Environment Department (NMED)  
Hazardous Waste Bureau

**FROM:** Charles Moyers, Project Professional Engineer  
AECOM Technical Services, Inc. (AECOM)  
505-889-4309

**SUBJECT:** Certification of Clean Closure for Holloman CSU Facility

This letter is to certify that the hazardous waste Container Storage Unit (CSU), Building 118, at Holloman AFB is ready for Clean Closure. As a Professional Engineer certified in the State of New Mexico, I have been provided access to the Closure Plan, the site during the closure activities, and all analytical results. All activities in the approved Closure Plan were followed as required. Based on the analytical results for the wash and rinse water, the soil, and the wipe samples taken from the CSU, I can verify that no hazardous wastes or hazardous waste constituents remain on site. Therefore, based on the analytical results and historical data for the site, it is my professional judgment that the CSU should be approved for Clean Closure.
