**NMED
Hazardous Waste Bureau**

RAE

Dear Mr. Kieling,

Holloman Air Force Base (AFB) is in the process of renewing its existing Resource Recovery and Conservation Act (RCRA) hazardous waste permit. On 2 March 2015 the RCRA permit renewal application was submitted to the New Mexico Environment Department (NMED) Hazardous Waste Bureau (HWB) to meet the permit renewal requirements. In accordance with State and Federal regulations, part of the permitting process requires that Holloman AFB initiate a sixty (60) day public participation period to inform the public of its intention to apply for a renewal permit, make the permit application available for public review, and give the public an opportunity to make comments and questions about the RCRA renewal permit application.

In accordance with the regulations public notice was posted at the Alamogordo Public Library and Holloman AFB Visitor Center, mailings were sent to all concerned agencies and interested persons on the NMED HWB mailing distribution list, and public notice was published on 1 March 2015 in the legal section of the Alamogordo Daily News thus initiating the public participation period for the RCRA Renewal Application. A copy of the permit renewal application was delivered to the Alamogordo Public Library for the purpose of public review and a public meeting was scheduled. Attached is a copy of the Public Notice (Atch 1) that was used for all the notifications; the proof of Public Notice posting (Atch 2); copies of Public Notice mailings sent with the Public Notice to all concerned agencies and interested persons (Atch 3); and a copy of the Public Notice legal affidavit for the posting placed in the Alamogordo Daily News (Atch 4). It should be noted that two mailings were returned to Holloman AFB from the NMED HWB distribution list. Copies of the returned mailings are attached (Atch 5).

The public meeting took place on 16 March 2015 from 6:00 pm – 8:00 pm. A sign-in sheet was distributed for all participants to sign (Atch 6); however two members of the public declined the opportunity to sign-in. The presentation began just after 6:00 pm. Attached are the public meeting slides that were presented (Atch 7). The presentation took about 20 minutes after which questions were presented by members of the public. The questions were primarily addressed by Holloman AFB personnel and HazAir representatives; however, the public was also directed to the agency contacts where they could submit their comments and questions. Please find attached the questions and concerns addressed to the Holloman AFB Public Affairs during the 60 day public participation period from 1 March 2015 to 29 April 2015 (Atch 8).

If you have any questions, please contact me by phone at (575) 572-3931 or by email at deanna.rothhaupt@us.af.mil.

Sincerely,

DEANNA ROTHHAUPT, GS-12, DAFC

NOTICE
Holloman Air Force Base
Notification of a Request to Renew the existing
Resource Conservation and Recovery Act Permit

Holloman Air Force Base (HAFB) announces its intent to apply to the New Mexico Environment Department (Agency) for a renewal of its existing Resource Conservation and Recovery Act (RCRA) Permit No. NM6572124422. The proposed renewal application addresses the existing 20,000-Pound Open Detonation (OD) Treatment Unit and the active Corrective Action Sites at HAFB.

Investigations and remediation of Corrective Action Sites designated as Solid Waste Management Units (SWMUs) and Areas of Concern (AOCs) at HAFB are conducted under both the Air Force Environmental Restoration Program (ERP) and the RCRA Corrective Action Program. The proposed renewal application incorporates all SWMU and AOC Corrective Action Complete (CAC) status determinations approved by the Agency since the last RCRA permit issuance; these determinations have all previously undergone public review. The majority of the active sites addressed in the renewal application have been under investigation since the early 1990s. The OD Unit has not operated as a treatment unit for more than three years and has undergone remediation during this period; it is awaiting final closure approval from the Agency and is therefore included in the renewal application.

Comment Period: A 60-day public comment period has been initiated with the publication of this notice. Only comments and/or requests received on or before the close of April 29th, 2015 will be considered. Comments should be directed to:

Agency Contact: Mr. John Kieling, Hazardous Waste Bureau Chief
New Mexico Environment Department
2905 Rodeo Park Drive East, Building 1
Santa Fe NM 87505-6303
(505) 476-6035
Ref: HAFB RCRA Renewal Application February 2015

HAFB Contact: Inquiries may be directed to the Holloman Public Affairs Office at (575) 572-7381 or 49th Wing Public Affairs, Attn: 49 CES Environmental, 490 First Street, Building 29, Suite 1500, Holloman Air Force Base, NM 88330 or DeAnna Rothhaupt Chief, Holloman AFB Environmental.
Ref: HAFB RCRA Renewal Application February 2015

Public Meeting: A public meeting will be held on March 16, 2015 from 6:00 pm – 8:00 pm in the Sgt. Willie Estrada Memorial Civic Center, 801 East First Street, Alamogordo, NM.

Public Inspection of Documents: A hard copy of the HAFB renewal application is available for public review in the Alamogordo Public Library, 920 Oregon Avenue, Alamogordo, NM throughout the 60-day comment period.

Compliance History: HAFB operates under an existing Hazardous Waste Facility Permit which was initially issued by the Agency in 1991 and was last renewed in 2004. On July 18, 2014 the Agency approved HAFB's extension request to submit the required renewal application on February 24, 2015. The permittee's compliance history during the life of the permit being renewed is available from the Agency contact person listed in this notice.

Public Notice Posting

This page intentionally left blank.

NOTICE

Holloman Air Force Base (HAFB) announces its intent to apply to the New Mexico Environment Department (Agency) for a **renewal** of its **existing Resource Conservation and Recovery Act (RCRA) Permit**. There is a **60-day public comment period** on this renewal application request. Persons who wish to comment on this action or request a public hearing will have an opportunity to submit written or electronic comments during this 60-day period, ending on April 29, 2015. Only comments and/or requests received on or before the close of the 60-day comment period will be considered. All questions and comments regarding this notice are to be directed to the Agency contact person listed below:

New Mexico Environment Department
Attn: Mr. John Kieling, Chief
Hazardous Waste Bureau
2905 Rodeo Park Drive East, Building 1
Santa Fe NM 87505-6303
Ref: HAFB RCRA Renewal Application February 2015

A **public meeting** will be held on **March 16, 2015 from 6:00 pm – 8:00 pm in the Sgt. Willie Estrada Memorial Civic Center, 801 East First Street, Alamogordo, NM**. A hard copy of the renewal application is available for review in the Alamogordo Public Library, 920 Oregon Avenue, Alamogordo, NM 88330 throughout the 60-day comment period.

HAFB operates under an existing Hazardous Waste Facility Permit which was initially issued by the Agency in 1991 and was last renewed in 2004. On July 18, 2014 the Agency approved HAFB's extension request to submit the required renewal application on February 24, 2015. The proposed renewal application addresses the existing 20,000-Pound Open Detonation (OD) Treatment Unit and the active Corrective Action Sites at HAFB. The permittee's compliance history during the life of the permit being renewed is available from the Agency contact person listed in this notice.

HAFB is located on approximately 59,743 acres of land in Otero County, south-central New Mexico. The facility location is approximately 9 miles southwest of Alamogordo on Highway 70 and the permittee's physical address is 49th Wing Commander, 490 First Street, Suite 1700, Holloman AFB, NM 88330-8277. The primary transportation route for the facility is Highway 70 that traverses the southern boundary of the base in a northeasterly direction.

Investigations and remediation of Solid Waste Management Units (SWMUs) and Areas of Concern (AOCs) at HAFB are conducted under both the Air Force Environmental Restoration Program (ERP) and the RCRA Corrective Action Program. The proposed renewal application incorporates all SWMU and AOC Corrective Action Complete (CAC) status determinations approved by the Agency since the last permit issuance; these determinations have all previously undergone public review. The majority of the active sites addressed in the renewal application have been under investigation since the early 1990s. The OD Unit has not operated as a treatment unit for more than three years and has undergone remediation during this period; it is awaiting final closure approval from the Agency and is therefore included in the renewal application.

General Posting of Notices – Certification

I, John Hamann, the undersigned, certify that on **3 March 2015**, posted a true and correct copy of the attached Public Notice in the following publicly accessible and conspicuous places in the city of **Alamogordo** of **Otero** County, State of New Mexico on the following dates:

1. Holloman Air Force Base Visitor's Center, Main Gate 3 March 2015
2. Alamogordo Public Library 3 March 2015

Signed this 4 day of March 2015.

Dear Larry Caldwell,

As required by the New Mexico Environment Department (NMED) hazardous waste regulations, Holloman Air Force Base (HAFB) is notifying you of its intent to submit a Resource Conservation and Recovery Act (RCRA) Permit Renewal Application for the existing 20,000-Pound Open Detonation (OD) Treatment Unit and active Corrective Actions Sites. The proposed renewal application covers existing activities and incorporates only those revisions that have previously undergone public review as part of the procedures for either permit revision applications or Corrective Action Complete status requests. The attached announcement is provided as notification.

You are encouraged to attend the public meeting that will be held on March 16, 2015 from 6:00 pm – 8:00 pm in the Sgt. Willie Estrada Memorial Civic Center and to review the hard copy of the proposed renewal application available at the Alamogordo Public Library throughout the 60-day public review period.

If you have any questions, please contact the NMED Hazardous Waste Bureau Chief at the address below:

PS Form 3800, June 2014

Dear Jon Klingel,

As required by the New Mexico Environment Department (NMED) hazardous waste regulations, Holloman Air Force Base (HAFB) is notifying you of its intent to submit a Resource Conservation and Recovery Act (RCRA) Permit Renewal Application for the existing 20,000-Pound Open Detonation (OD) Treatment Unit and active Corrective Actions Sites. The proposed renewal application covers existing activities and incorporates only those revisions that have previously undergone public review as part of the procedures for either permit revision applications or Corrective Action Complete status requests. The attached announcement is provided as notification.

You are encouraged to attend the public meeting that will be held on March 16, 2015 from 6:00 pm – 8:00 pm in the Sgt. Willie Estrada Memorial Civic Center and to review the hard copy of the proposed renewal application available at the Alamogordo Public Library throughout the 60-day public review period.

If you have any questions, please contact the NMED Hazardous Waste Bureau Chief at the address below:

Dear Anita Reiser,

As required by the New Mexico Environment Department (NMED) hazardous waste regulations, Holloman Air Force Base (HAFB) is notifying you of its intent to submit a Resource Conservation and Recovery Act (RCRA) Permit Renewal Application for the existing 20,000-Pound Open Detonation (OD) Treatment Unit and active Corrective Actions Sites. The proposed renewal application covers existing activities and incorporates only those revisions that have previously undergone public review as part of the procedures for either permit revision applications or Corrective Action Complete status requests. The attached announcement is provided as notification.

You are encouraged to attend the public meeting that will be held on March 16, 2015 from 6:00 pm – 8:00 pm in the Sgt. Willie Estrada Memorial Civic Center and to review the hard copy of the proposed renewal application available at the Alamogordo Public Library throughout the 60-day public review period.

If you have any questions, please contact the NMED Hazardous Waste Bureau Chief at the address below:

NOTICE

Holloman Air Force Base Notification of a Request to Renew the existing Resource Conservation and Recovery Act Permit

Holloman Air Force Base (HAFB) announces its intent to apply to the New Mexico Environment Department (Agency) for a renewal of its existing Resource Conservation and Recovery Act (RCRA) Permit No. NM6572124422. The proposed renewal application addresses the existing 20,000-Pound Open Detonation (OD) Treatment Unit and the active Corrective Action Sites at HAFB.

Investigations and remediation of Corrective Action Sites designated as Solid Waste Management Units (SWMUs) and Areas of Concern (AOCs) at HAFB are conducted under both the Air Force Environmental Restoration Program (ERP) and the RCRA Corrective Action Program. The proposed renewal application incorporates all SWMU and AOC Corrective Action Complete (CAC) status determinations approved by the Agency since the last RCRA permit issuance; these determinations have all previously undergone public review. The majority of the active sites addressed in the renewal application have been under investigation since the early 1990s. The OD Unit has not operated as a treatment unit for more than three years and has undergone remediation during this period; it is awaiting final closure approval from the Agency and is therefore included in the renewal application.

Comment Period: A 60-day public comment period has been initiated with the publication of this notice. Only comments and/or requests received on or before the close of April 29th, 2015 will be considered. Comments should be directed to:

Agency Contact: Mr. John Kieling, Hazardous Waste Bureau Chief
New Mexico Environment Department
2905 Rodeo Park Drive East, Building 1
Santa Fe NM 87505-6303
(505) 476-6035
Ref: HAFB RCRA Renewal Application February 2015

HAFB Contact: Inquiries may be directed to the Holloman Public Affairs Office at (575) 572-7381 or 49th Wing Public Affairs, Attn: 49 CES Environmental, 490 First Street, Building 29, Suite 1500, Holloman Air Force Base, NM 88330 or DeAnna Rothaupt Chief, Holloman AFB Environmental.
Ref: HAFB RCRA Renewal Application February 2015

Public Meeting: A public meeting will be held on March 16, 2015 from 6:00 pm – 8:00 pm in the Sgt. Willie Estrada Memorial Civic Center, 801 East First Street, Alamogordo, NM.

Public Inspection of Documents: A hard copy of the HAFB renewal application is available for public review in the Alamogordo Public Library, 920 Oregon Avenue, Alamogordo, NM throughout the 60-day comment period.

Compliance History: HAFB operates under an existing Hazardous Waste Facility Permit which was initially issued by the Agency in 1991 and was last renewed in 2004. On July 18, 2014 the Agency approved HAFB's extension request to submit the required renewal application on February 24, 2015. The permittee's compliance history during the life of the permit being renewed is available from the Agency contact person listed in this notice.

Public Comments Presented to Holloman Air Force Base

Interested members of the public were encouraged to submit written or electronic comments during the 60-day public comment period from 1 March 2015 to 29 April 2015 to the New Mexico Environment Department, Attn: Mr. John Kieling, Chief Hazardous Waste Bureau, 2905 Rodeo Park Drive East, Bldg. 1, Santa Fe NM 87505-6303 or to the Holloman Air Force Base (AFB) 49th Wing Public Affairs Office at 490 First Street, Building 29, Suite 1500, Holloman Air Force Base, NM 88330 or (575) 572-7381 or DeAnna Rothhaupt Chief, Holloman AFB Environmental.
Ref: HAFB RCRA Renewal Application February 2015

Holloman AFB 49th Wing Public Affairs Office and Holloman AFB Environmental contacts have not received comments or question during this comment period with the exception of the comments and questions that were posed by two members of the public who declined the opportunity to sign-in during the public meeting that took place at the Sgt. Willie Estrada Memorial Civic Center on 16 March 2015. Following are the questions/comments posed at this meeting:

- Isn't Holloman AFB listed as a Superfund Site?
- Why is the 20,000 Pound Open Detonation Unit closed and what type of site is being used in its place for disposal of energetic material?
- Could the 20,000 Pound Open Detonation Unit be opened and used again?
- Why didn't the person contacted at the NMED have any information about this meeting? The first several people contacted at the NMED were unaware of this meeting.
- Where is the representative from the NMED and why did they not attend this meeting?
- Why is the application not available for review online? Not everyone has time to go to the Public Library to review the application.
