HAFB-13-014**

Dear Ms. Rothhaupt:

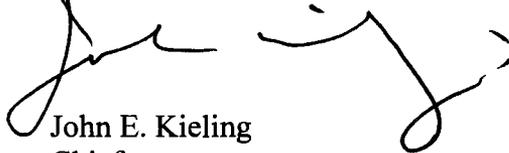

The New Mexico Environment Department has reviewed the report: *Final RCRA Facility Investigation Report Group 3 – Building 898 (TU/US-C513), Holloman Air Force Base, New Mexico*, dated September 2013, and received on October 9, 2013. The report is hereby approved.

The Permittee may request a Class 3 permit modification for Corrective Action Complete status for AOC-UST-898 in accordance with 40 C.F.R. §270.42(c). The Class 3 modification process includes requirements for public notice and for providing opportunity for public comment that are mandatory. NMED's preliminary determination that corrective action is complete is subject to NMED's reservation of rights to consider new information or unknown conditions. As part of the permit modification process, new information may become available during the public comment period that indicates that conditions at the site are not protective of human health or the environment. NMED reserves all rights to withdraw its preliminary decision that corrective action is complete, if new information indicates that further corrective action is needed to protect human health or the environment.
