Dear Mr. Kieling

This letter is in response to the New Mexico Environment Department letter dated May 29, 2015, "Disapproval, RCRA Facility Investigation Reports, Group 1 – Septic System Sites, Buildings 308 (OT-C530), 920, 921, 922 (OT-C531), 924 (OT-C532), 1190 (OT-C533), 1196 (OT-C535), 1199 (OT-C536), 1200 (OT-C537), 1201 (OT-C538), 1221 (OT-C539), 1251 (OT-C540), 1166 (OT-C542), 1175 (OT-C543) and 1176 (T-C544), December 2013, Holloman Air Force Base, EPA ID # NM6572124422, HWB-HAFB-14-003." This letter required a work plan to be submitted by 29 July 2015.

I am requesting a 30 day extension until 28 August 2015. The work plan will detail the requested installation of the additional wells and sampling, in addition to information regarding the Building 1269 (OT-C541) site. The subject site was not referenced in the 29 May 2015 letter, but the Air Force has determined that additional historical research is required to determine the appropriate path forward.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision according to a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.
