Holloman Air Force Base, NM

Mr. John E. Kieling
Chief, Hazardous Waste Bureau
New Mexico Environment Department
2905 Rodeo Park Drive East Bldg. 1
Santa Fe NM 87505-6063

Dear Mr. Kieling,

On April 28, 2016, Holloman AFB received a letter from NMED regarding the January 21, 2016 Response to Comment document for the Remedial Investigation Work Plan (WP) for SR859a Former Skeet Range 2 and TS862a Jeep Target Area Skeet Range Munitions Response Sites (MRSs). The NMED requested in the letter a submission of the Non-Time Critical Removal Action (NTCRA) WP for these two MRSs by June 27, 2016. Since currently two sites follow the CERCLA path, which includes preparation and submission of both Engineering Evaluation/Cost Analysis and Action Memorandum prior to preparation and submission of the NTCRA WP, we are requesting an extension of 12 months to submit the WP until June 27, 2017.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision according to a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

If you have any questions regarding this submittal, please contact me at (575) 572-6675.

Sincerely,
