Holloman Air Force Base, Alamogordo, NM
Contract No. FA8903-13-C-0008**

Dear Mr. Rodriguez,

Attached for your review are the *Final Decommissioning Plan* and *Final Interim Measures Work Plan* for the RW-42 Radioactive Waste Disposal Area at Holloman AFB (SWMU 111). These plans were also submitted to the New Mexico Environment Department (NMED) Hazardous Waste Bureau (HWB) on 28 June 2016 in response to the HWB's 29 April 2016 *Extension Approval* letter for a work plan for investigation activities at Site RW-42. The HWB is reviewing these documents in conjunction with Resource Conservation and Recovery Act (RCRA) corrective actions for the Site; however, we understand that a review by the Radiation Control Bureau (RCB) may also be required as the Site may contain radioactive waste. The plans are also provided on the enclosed CDs, with native and PDF files.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision according to a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

If you have any questions regarding this submittal, please contact me at (575) 572-6675 or by email at adam.kusmak@us.af.mil.

Sincerely,
