HEADQUARTERS 49TH WING (ACC)
HOLLOMAN AIR FORCE BASE, NEW MEXICO

21 July 2017

ADAM M. KUSMAK, GS-13, USAF
Chief, Installation Management Flight (49 CES/CEI)
49th Civil Engineer Squadron (49 CES)
Holloman Air Force Base, NM

Mr. John E. Kieling
Chief, Hazardous Waste Bureau
New Mexico Environment Department
2905 Rodeo Park Drive East Bldg. 1
Santa Fe NM 87505-6063

Dear Mr. Kieling,

Holloman Air Force Base (AFB) notified the New Mexico Environment Department in the letter dated June 6, 2017 regarding the additional fieldwork at 20,000-Pound Open Detonation Unit (OD20K). The fieldwork was performed in June 2017 and included installation of one groundwater monitoring well and subsurface soil sampling within 20 soil borings. Due to postponed receipt of analytical results for the soil sampling, Holloman AFB is requesting an additional 2-month extension for submitting the Data Gap Investigation (DGI) Report for OD20K until September 31, 2017. The DGI Report will include results from soil and groundwater sampling performed in March 2015, February-March 2017, and June 2017.

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision according to a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

If you have any questions regarding this submittal, please contact me at (575) 572-6675.

Sincerely,

KUSMAK.ADAM
