Dear Mr. Kusmak:

The New Mexico Environment Department (NMED) has reviewed the above referenced Long Term Monitoring Work Plan (Work Plan) received from Holloman Air Force Base (Permittee) on March 8, 2019. The Work Plan is hereby approved with the following modifications.

1. The Permittee shall include monitoring well SS059-MW09 in the monitoring well network as a boundary compliance well, for a total of thirteen wells to be sampled semi-annually.

2. The Permittee shall include an evaluation of the effectiveness of Natural Source Zone Depletion in mitigating hydrocarbon contamination in the annual Long Term Monitoring Report.

This approval is based on the information presented in the document as it relates to the objectives of the work identified by NMED at the time of review. Approval of this document does not constitute agreement with all information or every statement presented in the document.
If you have any questions regarding this letter, please contact Mr. David Strasser of my staff at (505) 222-9526.

Sincerely,
