SUBJECT: Request for Extension for submitting Interim Measures Report for LF-29, Holloman AFB, NM.

Dear Mr. Pierard,

Holloman requests an extension for submitting the Interim Measures(IM) report for LF-29. Presently, the US Army Corps of Engineers and their contractors are mobilizing to the site to conduct the removal of munitions from the site so characterization activities can be conducted in a safe manner. After training and completion of mobilization, the field efforts at the site should begin in April 2020 and will most likely conclude by the end of 2020.

Therefore, we request a 12- month extension for submitting the IM report until 30 September 2021.

If you have any questions or concerns regarding this submittal, please contact me at (575) 572-6675.

Sincerely,
