ACCEPTANCE CERTIFICATION FOR CONCRETE CYLINDERS, SITE RW042 (SWMU 111)  
HOLLOMAN AIR FORCE BASE, EPA ID # NM6572124422  
HWB-HAFB-18-009**

Dear Mr. Kusmak:

The New Mexico Environment Department (NMED) has reviewed the above referenced request dated March 9, 2020, received on March 10, 2020, for a 12-month extension for submittal of a Final Waste Acceptance Certificate (Certificate) for the concrete cylinders containing unknown, potentially hazardous/radioactive wastes from site RW042 (Solid Waste Management Unit 111). The reason for this request is to allow time for intrusive testing of the cylinders to determine the appropriate facility for disposal. This facility will then issue the Certificate.

NMED hereby grants this request with a new Certificate submittal date of **February 3, 2021**.
