**RE: APPROVAL
FINAL FISCAL YEAR 2021 GROUNDWATER MONITORING REPORT SS018 - VOC SPILL
SITE (AOC-H), JUNE 2022
HOLLOMAN AIR FORCE BASE
EPA ID # NM6572124422
HWB-HAFB-22-004**

Dear Mr. Kusmak,

The New Mexico Environment Department (NMED) received the U.S. Air Force (Permittee) Holloman Air Force Base (Facility) *Final Fiscal Year 2021 Groundwater Monitoring Report SS018 - VOC Spill Site (AOC-H), June 2022*, (Report) on June 17, 2022. NMED has reviewed the Report and hereby issues this Approval. The fiscal year 2022 annual Long-Term Monitoring Report must be submitted to NMED no later than **June 30, 2023**.

Figures 5-2 through 5-7 of the Report indicate that the extent of contamination may no longer be fully delineated, partially due to accidental destruction of previous monitoring wells. The Permittee may be required to submit a work plan to install new groundwater monitoring wells in order to fully delineate and monitor the full extent of contaminants of concern in the future.

This approval is based on the information presented in the document as it relates to the objectives of the work identified by NMED at the time of review. Approval of this document does not constitute agreement with all information, or every statement presented in the document.
