Dear Mr. Godfrey:

Attached is the hazardous waste operating permit for Kirtland Air Force Base for deposition in the public repository. This facility is a public participation facility and we are required to maintain a public repository for such a facility. We do have a repository as the Albuquerque Main Public Library, but it has been some time since materials have been filed. We would appreciate having this permit filed as required by the Albuquerque Main Public Library.

The public participation program is an integral part of our Hazardous Waste Program and we do appreciate your cooperation in maintaining the repository. If you have any questions, please contact me at (505) 827-2934.

Sincerely,

A. Elizabeth Gordon, Ph.D.
Permitting Supervisor
