Re: Dept. of Air Force v. NMEID, No. 12,550

Dear Major Kurtz:

The enclosed material was inadvertently left out of the Record Proper. It pertains to Permit Application Revision 3, May 1988. NMEID will support a Motion to Supplement the Record if Kirtland Air Force Base wants to move the Court to include this material.

Also enclosed is the invoice for the copy charges of the Record Proper. It came back to me with a note that stated "please furnish contract number." Is this a Kirtland contract number? NMEID does not have a contract number. Whatever you can find out about this would be appreciated.

Sincerely,

TRACY M. HUGHES
Assistant General Counsel
