Re: RCRA Facility Inspection Work Plan and Soil Sampling Plan  
and Quarterly Report 1

Dear Col. Martines:

The New Mexico Environment Department received the referenced documents on April 15, 1991. Thank you for providing the Department with courtesy copies of the documents required by the permit conditions issued under the Resource Conservation and Recovery Act, as amended by the Hazardous and Solid Waste Amendments of 1984 (HSWA). The Environmental Protection Agency (EPA) Region 6 retains authority for the implementation of HSWA. As the workload of the Hazardous and Radioactive Waste Bureau allows, we will provide comments on the documents to the EPA. Formal comments to you regarding the documents can be expected from the EPA.

Yours truly,

A. Elizabeth Gordon, Ph.D.  
Permitting Supervisor  
Hazardous and Radioactive Waste Bureau
