Mr. Eugene Gilbert
Hearing Officer
400 Gold SW, Suite 720
Albuquerque, New Mexico 87102

Dear Mr. Gilbert:

Per our conversation on March 3, 1992, I am enclosing a copy of part of the public hearing for the Kirtland Air Force Base Permit. Included are the opening remarks by the Hearing Officer and by the Environmental Protection Agency (EPA) representative (Bill Gallagher). This should give you an idea of what the content of our opening remarks will be. David Neleigh, Chief New Mexico/Federal Facilities Section, and I will be attending the public hearing. I will be giving the opening remarks which will be modified to represent the Sandia National Laboratory (Sandia) permit conditions.

I look forward to meeting you at the Sandia Public Hearing on March 20, 1992. Should you have any additional questions concerning the EPA portion of the hearing, please contact me at (214) 655-6785.

Sincerely,

Barbara Driscoll, Geologist
New Mexico/Federal Facilities Section (6H-PN)
