Re: Public Notification Requirement for Sewage Lagoon Delay of Closure

Dear Col. Norris:

On May 18, 1992, the Hazardous and Radioactive Materials Bureau granted KAFB a 180 day extension for closure of the base sewage lagoons. This letter is to advise KAFB that pursuant to 40 CFR § 270.42 Appendix I, the 180 day extension constitutes a Class 1 permit modification requiring notice be sent to all persons on the facility mailing list in addition to the May 5, 1992 written notification sent to NMED (see 270.42 (a)(ii)).

If you have any questions, please contact Ms. Stephanie Stoddard at 827-4300.

Sincerely,

Edward L. Horst
RCRA Program Manager
