RE: Part B permit, listed "D" Codes

Dear Mr Grover

Kirtland Air Force Base (KAFB) is requesting the addition of the remaining characteristic "D" Codes to our existing RCRA Part B permit. These characteristic waste codes have been added by the Environmental Protection Agency (EPA) and adopted by the New Mexico Environment Department after the issuing of our Part B permit. By adding characteristic codes D018 - D043 to our existing permit we will be able to continue to remain in compliance.

Sincerely

*Walter S. Darr*
