Dear Colonel Norris:

The Environmental Protection Agency (EPA) has reviewed your letter dated August 17, 1992, which lists five newly discovered sites which have evidence of hazardous waste contamination. EPA concurs that these sites should be investigated as Solid Waste Management Units (SWMUs), therefore, Kirtland Air Force Base may submit a Class I permit modification to include these sites in Appendix III of the Hazardous and Solid Waste Amendments (HSWA) portion of the RCRA Permit.

Should you have any additional questions, please contact Barbara Driscoll of my staff at (214) 655-6785.

Sincerely,

William K. Honker, P.E.  
Chief  
RCRA Permits Branch (6H-P)
