Dear Ms Sisneros

We have received your 21 December 1992 letter (Atch 1) approving the closure plan for the Building 20423 Battery Shop french drain. Your letter seems to indicate that the 5 February 1992 Notice of Deficiency (Atch 2) issued to Kirtland by the Hazardous and Radioactive Materials Bureau has been resolved. If you concur, we would appreciate written confirmation.

Sincerely

Thomas A. Norris, Colonel, USAF
