RE: CLOSURE SCHEDULE FOR BASE SEWAGE LAGOONS AND GOLF COURSE
MAIN POND

Dear Colonel Norris:

The Hazardous and Radioactive Materials Bureau (HRMB) of the New Mexico Environment Department (NMED) is in receipt of your request for modification of the approved closure plans for the Base Sewage Lagoons and Golf Course Main Pond dated May 7, 1993. This modification request consists of a schedule for conducting closure activities as specified in the approved closure plan.

NMED hereby approves the schedule to conduct closure activities in the timeframes set forth in the May 7, 1993 letter. The effective date of NMED's notification of approval to Kirtland Air Force Base (KAFB) is May 17, 1993. In the event that sampling and analysis results show contamination in the vadose zone, KAFB may request a meeting to discuss these findings.

If you have any questions regarding this matter, please contact Ms. Stephanie Stoddard of my staff at (505) 827-4308.

Sincerely,

Barbara Hoditschek
Program Manager, RCRA Permits
Hazardous and Radioactive Materials Bureau
