KAFB 93

ENTERED

JUDITH M. ESPINOSA
SECRETARY

RON CURRY
DEPUTY SECRETARY

**CERTIFIED MAIL
RETURN RECEIPT REQUESTED**

September 13, 1993

Colonel Thomas A. Norris, Director
Environmental Management Division
337th ABW
2000 Wyoming Blvd. SE Suite 5659
Kirtland AFB, New Mexico 87117-5659

Dear Colonel Norris:

The Hazardous and Radioactive Materials Bureau (HRMB) of the New Mexico Environment Department (NMED) is in receipt of Kirtland AFB's (KAFB) signed closure certifications for the Building 20423 Battery Shop French Drain surface impoundment dated August 12, 1993.

After review of the closure work KAFB documented in the approved closure plan and in the reports following the workplan for additional investigations, HRMB finds that the sampling and analysis results indicate no hazardous constituents above NMED-Approved Health-Based Limit Criteria were detected. NMED agrees that the investigations were conducted in accordance with the approved closure plan and has determined that KAFB met the applicable requirements for closure by removal for this hazardous waste management unit pursuant to the New Mexico Hazardous Waste Management Regulations (HWMR-7) Part VI, 40 CFR §§ 265.111 and 265.228. NMED hereby grants clean closure and terminates interim status for this unit.

If there are any questions regarding this matter, please contact Ms. Stephanie Stoddard of my staff at 827-4308.

Sincerely,

Kathleen M. Sisneros
Director, Water and Waste Management Division
New Mexico Environment Department

xc: Mr. Harry Davidson
