Dear Ms. Hoditschek:

The purpose of this letter is to provide a computer disk with Appendix D of the Resource Conservation and Recovery Act (RCRA) Part B Permit Application, Revision 6.1, for the Thermal Treatment Facility located at our facility, Sandia National Laboratories/New Mexico (SNL/NM). This Appendix was not on the original disk transmitted to your office on August 17, 1993. A disk with the Appendix D is enclosed and is formatted in Word Perfect 5.1.

This disk copy of Appendix D was requested by Mr. Carl Stubbs of your staff by telephone on September 23, 1993. If any additional technical modifications are required for the Permit Application or this Appendix D, another disk will have to be prepared and this one and/or the previous one will need to be returned to us for updating.

If you require further information, please call Ted P. Pietrok, of my staff, at 505-845-6866.

Sincerely,

for Kathleen A. Carlson
