Discussion

She verified that the 30 day time from ending on the 3<sup>rd</sup>-4<sup>th</sup> of December - she asked if we could give an extension of time for response and if so would this protect her rights for future actions. I stated I would check with legal about this - call was placed to ANA MARIE ORTIZ and Pip Harwood. of JEFF Sloan - Awaiting Response. - MS. MORISSETTE STATED that she questions if they are HAZ or not based on the quantity of H<sub>2</sub>O that is used - I asked her to bring all documents to table and we would discuss
