JUDITH M. ESPINOSA
SECRETARY

RON CURRY
DEPUTY SECRETARY

May 10, 1994

Dear Concerned Citizen:

Enclosed is a fact sheet regarding a post-closure plan which the New Mexico Environment Department (NMED) proposes to approve for Kirtland Air Force Base (KAFB) in Albuquerque. This plan describes post-closure care of KAFB's sewage lagoons and golf course main pond units, currently closed under interim status requirements of the New Mexico Hazardous Waste Management Regulations (HWMR-7), Part VI, Section 40 CFR 265. Interim status is granted to facilities that were in operation on the effective date of the Federal Resource Conservation and Recovery Act regulations.

A copy of the proposed post-closure plan is available for review weekdays between 8 am and 5 pm at the office of the **NMED Hazardous and Radioactive Materials Bureau, 525 Camino de los Marquez, P.O. Box 26110, Santa Fe, NM 87502**. An additional copy may be reviewed at the **Albuquerque Main Public Library, 501 Copper Avenue NW, Albuquerque, NM 87102**, during normal business hours. If you want to comment upon this proposed plan or request a public hearing, please submit written comments or requests, along with your name and address, to the above Santa Fe address. Requests for a public hearing must state the nature of the issues proposed to be raised in the hearing, if held. Only comments and/or requests received by June 13, 1994 will be considered.

If you have any questions regarding the proposed post-closure plan, please contact Mr. Steve Zappe at (505) 827-4308, or at the Santa Fe address given above.

Sincerely,

Barbara Hoditschek, RCRA Permit Program Manager
Hazardous and Radioactive Materials Bureau
