SUBJECT: Silver Shipment

TO: 377ABW/EM

1. This letter is to confirm the conversation among myself, Mr. Walter Darr 377 ABW/EM, and Mr. John Tymkowych Hazardous and Radioactive Materials New Mexico Environmental Division.
2. We discussed the shipment of silver recovery materials. This silver has been recovered, and we are refining over 75% of the recovered material. We will ship to a secondary refiner who will heat the product and pour it into ingots. We asked Mr Tymkowych if a Hazardous Waste Manifest was required, or could we use another shipping paper.
3. Mr. Tymkowych stated that a manifest was not required.
4. DRMO KIRTLAND; WE PROVIDE SERVICE.
