Dear Mr. Pullen

Enclosed is a copy of our "Characterization Plan for Interservice Nuclear Weapons School Sites and the Blast Overpressure Site at Kirtland Air Force Base." This is a preliminary site investigation.

This is a *courtesy* copy only. If you wish to review it and provide comments, please forward them no later than 10 October 1994. We apologize for the short suspense, but field work will commence in mid-October via a contract that was finalized over a year ago.

Please contact me at (505) 846-2773/0053 if you have any questions.

Sincerely

CHRISTOPHER B. DeWITT, R.P.G.
Acting Chief, Restoration Branch
Environmental Management Division
