Dear Mr. Darr:

The Hazardous and Radioactive Materials Bureau (HMRB) is in receipt of your January 20, 1995 letter regarding the information HRMB requested in a letter dated November 29, 1994. In this letter, HRMB requested information concerning historical generation, storage, and disposal records for all hazardous waste generated since 1980 at the Kirtland Underground Munitions Storage Complex (KUMSC). Based on review of the information submitted, HRMB has determined that the information provided is acceptable and that no violations of New Mexico Hazardous Waste Management Regulations (20 NMAC 4.1) were committed at KUMSC in relation to the information provided.

Thank you for your cooperation in this matter. If you have any questions, please contact me at (505) 827-4308.

Sincerely,

Coby Muckelroy
