Mr. Steve Pullen, DSMOA
Hazardous and Radioactive Materials Bureau
New Mexico Environment Department
525 Camino de los Marquez, Ste 4
Santa Fe NM 87502

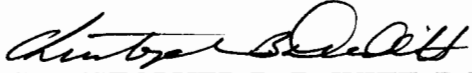

Dear Mr. Pullen

We just received Mr. David Morgan's quarterly DSMOA report. The report itself is fine; our concern is with a statement in his cover letter,

"We will continue to mail hard copies for the time being, but plan to shift primarily to DENIX in the not-too-distant future."

Please be aware, and make Mr. Morgan aware, we do not know when we will go on line, if ever, with the DENIX system. Until such time as we advise your group otherwise, please continue sending our DSMOA report via mailed hard copy.

Sincerely

CHRISTOPHER B. DeWITT, R.P.G
Chief, Restoration Branch
Environmental Management Division

KAFB1572
