Kirtland AFB, NM 87117-5659

VXII

Dear Mr. DeWitt:

The Environmental Protection Agency (EPA) has reviewed your March 2, 1995 Solid Waste Management Unit Report for the underground detention tank located adjacent to Building 20389, and has determined that the tank should not be added to the Kirtland Air Force Base RCRA/HSWA Permit. The EPA decision is based upon the analytical data provided from the sampling of the tank contents and neighboring soils. The EPA does recommend, however, that the tank contents be removed and properly disposed of and that the floor drains connected to the tank be permanently sealed.

Please contact Ms. Nancy R. Morlock of my staff at (214) 665-6650 if you have any questions or need additional information.

Sincerely yours,

David W. Neleigh, Chief
New Mexico/Federal Facilities
Section
