Dear Mr. Amindyas:

This is a request for a copy of the 1994 Kirtland Air Force Base Open Detonation Permit for the Waste Management and Regulatory Projects organization at Sandia National Laboratories. This permit is necessary because SNL sends waste to the KAFB EOD and is in the process of writing a site-wide WAC. SNL would like to include the requirements for sending waste to KAFB (as outlined in the permit) in order to expedite arrangements for waste treatment of SNL-generated waste at the EOD.

As requested, I have included 3 blank diskettes (two for the permit and one extra). Additionally, I have included a self-addressed stamped envelope.

Thank you for your assistance.

Sincerely,

IT CORPORATION
