Dear Mr. DeWitt:

The Environmental Protection Agency (EPA) has reviewed your April 18, 1995 notification concerning the discovery of several potential solid waste management units (SWMUs).

The EPA agrees with your determination that the Drum Storage Area (SS-69) and the Radium Dump/Slag Piles (RW-68) are SWMUs and should be added to Appendix IV of your RCRA/HSWA Permit. Please submit a site-specific sampling plan for each of these SWMUs no later than May 31, 1995.

If you have any questions, please contact Nancy Morlock of my staff at (214) 665-6650.

Sincerely yours,

David W. Neleigh, Chief
New Mexico/Federal Facilities
Section
