Dear Ms. Morlock

In your 6 April 1995 letter, you determined that Building 20389 should *not* be added to our RCRA Part B Permit as a SWMU. In that same letter, you recommended the tank contents be removed. The Compliance Branch has advised us they removed the contents on 22 May 1995 (see attached letter).

Please contact Mr. Jerry Sillerud at (505) 846-2773/0053 if you have any questions.

Sincerely

MEMORANDUM FOR 377 ABW/EMR
ATTENTION: Chris Dewitt

FROM: 377 ABW/EMC

SUBJECT: Clean-out of Underground Detention Tank Bld. 20389

1. Please be advised that the liquid and sludge contained in the underground detention tank located on the northwest corner of building 20389 was removed on 22 May 1995 by Permifix. The liquid in the tank was discharged to the sanitary sewer. The sludge and a minor amount of liquid generated during the clean-out of the tank will be disposed of as a hazardous waste.
