Dear Mr. DeWitt:

The Environmental Protection Agency (EPA) has reviewed your November 10, 1994 site specific sampling plan for Site WP-58, Former Laundry Facility. The plan is approved with one modification. In addition to sampling for semivolatile organic compounds, Kirtland Air Force Base (KAFB) shall also sample for herbicides in the first two soil samples collected at each of the nine boreholes. KAFB shall also sample for herbicides in the third (bottom) soil sample collected for boreholes 4 and 9.

Appendix II

The site will be investigated as part of the Stage 2E/Appendix V Remedial Facility Investigation (RFI). The draft RFI Report shall be submitted to the EPA and the New Mexico Environment Department no later than December 31, 1995.

If you have any questions, please contact Nancy Morlock of my staff at (214) 665-6650.

Sincerely yours,

David W. Neleigh
