Dear Ms. Hoditschek

As agreed upon at our meeting with you and Kirtland Air Force Base (KAFB) personnel on 1 Sept 95, the Open Burn (OB) permit binder and the contingency plan will be the only records kept at the personnel bunker on the Explosive Ordnance Disposal (EOD) range. All other records will be kept at the EOD Shop Building 20413. If after the first NMED RCRA inspection, a determination will be made if additional records are to be kept at the personnel bunker. It is of the utmost importance that operations at OB burn unit begin as soon as possible.

If you have any questions, please contract me at 846-5037 or Terry Cooper at 846-0007.

Respectfully

WALTER S. DARR III
Chief Compliance
Environmental Management
