Dear Mr. Amindyas

As agreed to at the 20 June 1994 meeting with Kirtland Air Force Base (KAFB) and the New Mexico Department of Environment (NMED) on the open detonation (OD) unit, enclosed are additions to the waste treatment list. These explosives have not been detonated or treated at the OD unit as of yet but it is anticipated that in the near future the enclosed list of explosives will be treated or used for treatment.

KAFB will not follow up with a written notification because this letter fulfills the permit condition.

If you have any questions, please contact Terry Cooper at 846-8546.

Respectfully

WALTER S. DARR III  
Chief of Compliance  
Environmental Management Division
