SUBJECT: SWMU Assessment Reports (SAR) for Water Tanks, Railroad Tracks, Auto
Hobby Shop, and Fuel Cell

1. In your 15 November 1996 letter, you granted us an extension to 15 February 1997 for submitting the SAR for two areas of concern—the water towers and railroad tracks. In addition, two other SARs—one each for the Auto Hobby Shop and Fuel Cell—are due to your office by 15 February 1997.
2. Field work has begun on these projects; however, because of the extended delay in receiving funds, we ask that you grant an extension for each SAR to 30 June 1997.
3. Please contact Mr. Christopher DeWitt, (505) 846-0053, or me, (505) 846-2751, if you have any questions.
