SUBJECT: Long-Term Groundwater Monitoring Plan Annual Report Delay

1. We are delaying submission of the Long-Term Groundwater Monitoring Plan (LTM) annual report. Although no regulatory submittal date was established, the report was scheduled for submittal in Sep 97. The report will be submitted 6 Mar 97.
2. The delay will permit completion of four quarters of sampling for both, the two new sites and three newly installed monitor wells at two existing sites, that were added to the LTM during the 3rd quarter. Baseline determinations and data validation for all of the LTM sites can then be completed in one phase.
3. If you have any questions, feel free to call me at (505) 846-2751, or my point of contact, Mr. Christopher B. DeWitt, (505) 846-0053.
